A Bibliography on the Use of Communication and Information Technology in Counseling and Career Interventions*

September 1, 2020

James P. Sampson, Jr., Florida State University
Robert C. Reardon, Florida State University
Debra S. Osborn, Florida State University
Gary W. Peterson, Florida State University
Janet G. Lenz, Florida State University
Raimo Vuorinen, University of Jyväskylä, Finland
Jaana Kettunen, University of Jyväskylä, Finland
Julia Panke Makela, University of Illinois at Urbana-Champaign
V. Casey Dozier, Florida State University
[Additional information on these authors may be found at: https://career.fsu.edu/tech-center/about-us]

Center for the Study of Technology in Counseling and Career Development (https://career.fsu.edu/Tech-Center), a Florida State University research center funded by the Career Center in the Division of Student Affairs and the Department of Educational Psychology and Learning Systems in the College of Education

The Career Center, 100 South Woodward Avenue, Florida State University,
Tallahassee, FL 32306-4162

This bibliography contains citations from publications or papers presented at professional meetings concerning the use of information and communication technology in the delivery of counseling and career interventions based on work completed at Florida State University and other organizations in various locations. Topics have evolved over time and include computer-assisted career guidance systems, career information delivery systems, assessment, information, distance counseling, social media, research and evaluation, ethical issues, and professional standards. The bibliography is organized by publication year and then author in reverse chronological order by date in order to highlight most recent publications first.
